

# YELLOW JACKET®

## Limited Edition Series 41 Brass Manifold

**Only 1000 numbered units will be produced**

**Nostalgic YELLOW JACKET "bee" engraved in bar**

**1% accuracy brass gauges**

**Displayed on velvet lining in a black presentation box with YELLOW JACKET debossed on the lid**

The Series 41 Brass Manifold has been an industry workhorse since its introduction in the 1960's.

While there's no doubt that the industry is going digital, this is a rare opportunity to own a collectable piece of history.

Made in U.S.A. 

Only 1,000 of these Limited Edition manifolds will be made. Each will have its own registered number. Only two models will be available, and when the numbered bars are gone - so is your chance to own one.

Upgraded movement with phosphor bronze plates, stainless gears and pinions. Dissimilar parts create less friction and last longer. Flutterless™ technology included.

- Polished solid brass case with glass crystals.
- The original YELLOW JACKET bee logo from the 1960's is etched into the solid brass bar.
- Packaged in a black velvet-lined box with the YELLOW JACKET logo debossed in the top.
- Send in the registration card with the serial number to be listed on our website as a proud owner.
