# TITANMAX™ Firmware Upgrades & YJACK VIEW® App Improvements

The YJACK VIEW® App provides seamless integration with YJACK® and TITANMAX™ Digital Manifold offering a complete HVAC/R system diagnostic solution. For optimal performance, please ensure your YELLOW JACKET® TITANMAX Digital Manifold is running Firmware Version 1.08 and your YJACK VIEW app is updated to version 5.3.0.

For more information regarding the TITANMAX™ Firmware update, visit https://yellowjacket.com/firmware-updates/, for information regarding the YJACK VIEW® App, visit https://yellowjacket.com/yjack/.
