

YJACK® Series Wireless Devices

YELLOW JACKET®

YJACK® FOR A MORE CONNECTED TECH.

The YJACK® Series is a network of devices that forms a complete HVAC/R diagnostics solution. The YJACK® devices can measure system and environmental parameters, providing a complete picture of a system's condition. Each device utilizes Low Energy Bluetooth® (BLE) technology to interconnect with each other and any smart device, Android™ or iOS. YJACK® devices feature a Bluetooth® signal range of up to 1000 feet (YJACK MANO® 400 feet). Many of the YJACK® devices communicate directly with TITANMAX® and P51-870 TITAN® Digital Manifolds.

YJACK PATH®
Range Extender
67060

Connects and rebroadcasts YJACK® Probes and TITAN® Manifolds

YJACK® Temperature Clamp
67061

Measures surface temperature of pipes up to 1.25" diameter

YJACK® Temperature Strap
67062

Measures surface temperature of pipes up to 6" diameter

YJACK DEW®
Psychrometer
67063

Measures percent relative humidity, dry & wet bulb temperature, and dew point temperature

YJACK PRESS®
Pressure Gauge
67065

Measures system pressure up to 725 psig (50 bar) and features integrated charging port

YJACK VAC®
Vacuum Gauge
67066

System vacuum measurement from atmospheric pressure to 1 micron

YJACK AMP®
Current Probe
67067

Measures current up to 50 Amps AC

YJACK MANO®
Manometer
67068

Measures static pressure up to +/- 60" of water column

YJACK FLOW®
Anemometer
67069

Measures and displays duct air speed readings in fpm, ft/s, m/s and m/min

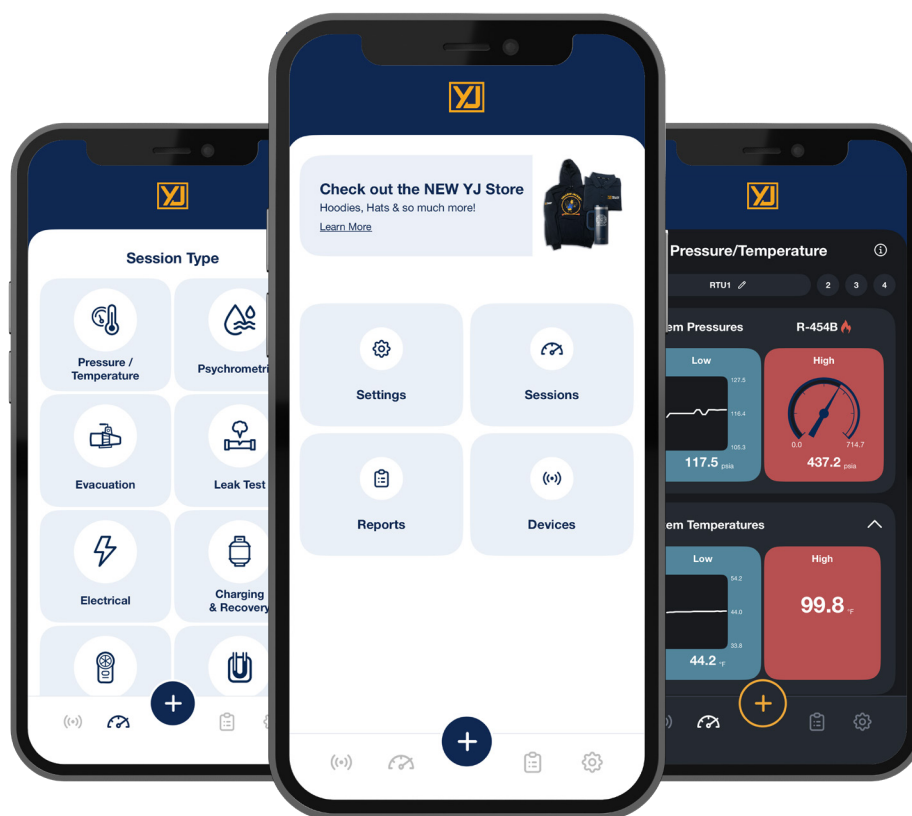

AVAILABLE KITS

P/N 67074

UPC #	Description
67070	YJACK® Temperature & Clamp Kit: (2) YJACK® Temperature Clamps and YJACK PATH®
67071	YJACK® Temperature & Humidity Kit: (2) YJACK® Temperature Clamps, YJACK DEW® & YJACK PATH®
67072	YJACK® Charging Kit: (2) YJACK PRESS® and (2) YJACK® Temperature Clamps
67073	YJACK® Charging & Air Kit: (2) YJACK PRESS®, (2) YJACK® Temperature Clamps and (2) YJACK DEW®
67074	YJACK® Charging & Evacuation Kit: (2) YJACK PRESS®, (2) YJACK® Temperature Clamps and YJACK VAC®

INTRODUCING THE **ALL-NEW** YJACK VIEW® APP

FASTER INSIGHTS. SMARTER TECH.

YJACK VIEW® provides seamless integration with YJACK® devices and TITANMAX® and P51-870 TITAN® Digital Manifolds to offer a complete HVAC/R diagnostic solution (hardware purchase required). Easily receive and analyze live data from all powered on, nearby YJACK®, TITANMAX® and P51-870 TITAN® devices including system pressure, temperature, vacuum, psychrometrics, and current draw. YJACK VIEW® is available in English and Spanish, the language will automatically change based on the users' device settings.

COMPLETELY REDESIGNED

Updated graphs, charts, and gauges deliver quicker system insights, while light and dark mode options allow technicians to work comfortably in any environment.

REMOTE DATA

Share live sensor readings with another user to enable real-time troubleshooting and remote monitoring with FREE Remote Data.

ENHANCED REPORTING

Easily capture system readings with snapshots, notes, and photos from any session for reporting. Reports can be categorized by customer or job and personalized with customer and technician/company information for quick exporting.

DATA LOGGING

Record data from multiple devices and/or sessions with adjustable sampling rates. Data logging captures data, sensor serial number and measurement units. Start, stop, save, or share data logs via email for remote analysis.

SESSIONS AVAILABLE

- Pressure / Temperature
- Psychrometrics
- Evacuation
- Leak Test
- Electrical
- Charging & Recovery
- Anemometer
- Static Pressure
- Combustion

DOWNLOAD NOW!

YJACK VIEW® is available for FREE download on Apple App Store and Google Play; hardware purchase is required.
